#### Non Material Amendments

This is not an application for planning permission but a request by the land owner to make a change to an existing permission. The local planning authority has 28 days to determine the application. The advice from the national Chief Planning Officer is that it will not normally be necessary to consult on these applications, but rather to take a view as to whether the requested change is 'material' or not.

- # Applications marked # will not be discussed by virtue of the Town Council being the owner of the land included within these applications.
