

Tourism Committee 5th March 2012

Agenda Item 7

Installation of Foot Showers (Shore Road)

Background

The provision of cold water showers and foot wash facilities has been the subject of discussion for sometime. A briefing note was prepared for Council in October 2011 for the installation of showers on the beach detailing the complexity of installation and cost.

After lengthy discussion it was requested that further investigation be carried out to establish the feasibility of foot shower facilities being installed along the west side of Shore Road.

Proposed Locations

As shown, map attached

Specification

SP7 Standpipe detailed drawings attached

Unit cost £500.00

Proposed number of units required x 3.

Total cost £1,500.00

Installation and Drainage

In order to comply with the Water Regulations drainage silt traps and Aco Channels will need to be installed at each location.

Drainage and connection works x3

Total cost £6,698.00

Total project cost £8,198.00

Lead and installation time from initial order 8 weeks

Decision Required

To consider authorising the expenditure of £8,198.00 for the installation of 3x foot showers.
