

Cow Lane

Email: 28th February 2021

Dear Emma,

Thank you for getting back to me.

Our concerns are the extra traffic using cow lane, at the moment Gary has been trying to for a number of years to get some traffic calming measures put in place. As the road is very fast people can see from top to bottom and forget people live on it and use it. We are now worried that it will become a race track with the extra vehicles using and it is an accident waiting to happen.

Kind Regards

Subject: Cow Lane

Morning Gary,

Sorry to be keeping on, as I do understand you are very busy and we are in difficult times.

Have you heard anymore about a meeting about Cow Lane?.

I have copied a couple of neighbours in to this email as the have raised some concern about the temporary road closure of Wills Road ,they have put in the alternative routes that people can use the Cow lane , High street and Steer Road to gain access . as they are closing Wills Road it only leaves Cow Lane and the High street, as Cow Lane is all ready very dangerous for the residents who live on it, we would like bring it to your attention to see if they could put in some traffic calming measures for the time it will be closed.

Kind Regards
