

Community Housing Project Public Meeting via a video conferencing platform Wednesday 18th November 2020 7.30pm - 9pm

At the invitation of The Swanage Community Housing Steering Group, please join us on 18th November, via a video conferencing platform, to find out about Community Land Trusts.

The aim of a CLT is to work with the local community to deliver genuinely affordable homes that are for local people who otherwise may be unable to live in the town they were brought up in or work in. This helps to build a sustainable community for future generations.

The Swanage Community Housing Steering Group is looking for inspiring, community minded people to drive the project forward and to realise the potential of affordable housing in Swanage.

Join us online and find out how you can become involved in an exciting local project. There will be an opportunity to ask questions or raise queries, regarding the proposed trust and the aims of the project.

To book your place at the event, please use the following link:
