232. **Northbrook Road Speed Indicator Device (SID) post – To consider purchase of a new post and relocation**

Following a recent meeting between elected members and representatives of Dorset Council's Highways Department about potential improvements to road safety in the vicinity of St Mary's Primary School, consideration was given to a proposal to purchase a new SID post to be located on the verge adjoining the junction with D'Urberville Drive in Northbrook Road. This would enable the device to warn motorists about excessive speed when approaching the school from the south.

It was reported that the cost to supply and erect a new galvanized post in the verge, as per the Road Safety Team's specification, would be £550 excluding VAT, based on clear, unrestricted access to the site, with no allowance being made for the excavation or alteration of any buried services.

It was proposed by Councillor Tomes, seconded by Councillor Sutton and

- **CIL funds** – It was reported that £94,000 had been allocated from Dorset Council CIL funds for works to the Parade railings and £500,000 towards the Green Seafront Scheme.
- **Housing Allocation Policy** – It was noted that the policy had been revised to introduce a simplified banding system based primarily on housing need, with reduced emphasis on previous category-based factors such as age. Priority would instead be determined more clearly by circumstances including homelessness, overcrowding and medical need.
- **Street Lighting** – It was reported that trials would be undertaken in Swanage using different strengths of street lighting bulbs, alongside trials of adjusted switch-on and switch-off times.
- **Commercial Lane** – It was noted that Commercial Lane would be re-tarmacked in the week commencing 27<sup>th</sup> April 2026, and thanks were extended to Frank Roberts and Thelma Deacon for cleaning the area in advance of the works.

235. **Reporting of delegated matters**

Further to Minute No. 7 of the Finance and Governance Committee meeting held on 18<sup>th</sup> March 2026, it was reported that a broken drainage pipe running through Greengage Community Garden and Prospect Green had been discovered and required urgent repair due to the risk of a sinkhole forming. During the works, hazardous ground conditions had been identified resulting in increased costs. Consequently, the Town Clerk, in consultation with the Town Mayor and Deputy Mayor, had authorised urgent expenditure totalling £11,126.

That, under Standing Order No. 1 c), in the public interest, the press and public be excluded from the Meeting in view of the confidential nature of the business to be transacted under agenda items 14 and 15 (due to legal and commercial confidentiality).

237. **Property Related Legal Matters**

- (a) **Telecommunications Mast, Day's Park – To consider update on rent review**  
Further to Minute No. 194 (f) of the Council Meeting held on 23<sup>rd</sup> February 2026, consideration was given to a briefing paper which set out the progress of the without prejudice negotiations carried out to date between the Town Council's solicitors, valuer and representatives of Vodafone regarding the terms of a new lease for the telecommunications mast base at Day's Park. Members noted the ongoing legal process and associated costs. It was proposed by Councillor Lejeune, seconded by Councillor Bishop and RESOLVED UNANIMOUSLY:-  
That the Council instructs its solicitors to act as set out in the 'Decision required' section of the confidential briefing paper relating to this item.

238. **Procurement**

- (a) **Collaboration Agreement with Dorset Council – To consider addition of Schedule 4: Procurement Advice and to award contract**  
Further to Minute No. 131 (a) of the Council Meeting held on 17<sup>th</sup> November 2025, consideration was given to a briefing paper that set out the need for external procurement support to progress the Green Seafront scheme in line with programme requirements.  
It was reported that WSP had been identified as an appropriate supplier and could be appointed via Dorset Council's Transport Engineering Professional Services (TEPS) contract to provide procurement strategy and market engagement support, at a cost of £16,745.11. It was noted that this work would form an initial phase of procurement support, with further advice required for later stages of the project. As the advice would be procured via the formal Collaboration Agreement in place between the Town Council and Dorset Council, it was noted that in accordance with Financial Regulation 11.1.c there was no requirement to obtain alternative cost estimates. Members acknowledged that the TEPS project had been the subject of a rigorous procurement process in 2020 and a subsequent cost comparison exercise in 2023.  
It was proposed by Councillor Lejeune, seconded by Councillor Foster and RESOLVED UNANIMOUSLY:-  
That Dorset Council be instructed to appoint WSP via the Transportation Engineering Professional Services (TEPS) Contract to deliver procurement strategy and market engagement professional advice for the Green Seafront scheme for the sum of £16,745.11 and that a fourth schedule be added to the Collaboration Agreement accordingly.
- (b) **Cashless Parking – To consider contract extension with existing provider (JustPark)**  
Consideration was given to a briefing paper setting out the current arrangements for cashless parking services provided by JustPark, including contract history, usage levels, and service performance.  
It was noted that the existing contract, originally awarded in May 2018 following a county-wide procurement exercise, had been extended on an annual basis since April 2023 and was due to expire in April 2026. Members acknowledged that a National

Parking Platform was being developed to provide a single interface for members of the public and that this should be explored once it was fully operational.

It was noted that JustPark processed a significant volume of transactions and that it had generally delivered a reliable service that was familiar to users. It was, therefore, proposed by Councillor Vile, seconded by Councillor Moreton and RESOLVED UNANIMOUSLY:-

That, in accordance with Financial Regulation 11.1.e, the Town Council agrees to a one-year contract extension with JustPark for the provision of cashless parking services, to April 2027.

**(c) Beach signage – To award contract**

Further to Minute No. 216(c) of the Council Meeting held on 23<sup>rd</sup> March 2026, consideration was given to a briefing paper regarding the replacement of the three beach safety and information signs along the seafront, which were in need of renewal due to deterioration and to ensure compliance with Blue Flag Award requirements ahead of the forthcoming bathing season.

It was noted that since the March meeting it had been identified that an improved specification, including temporary ‘winter’ signage panels to overlay summer information, would provide a more appropriate solution. It was also noted that a budget of £10,000 had been allocated for the project, but that the revised specification required consideration of an increased budget requirement. It was acknowledged that whilst officers had striven to obtain three quotes, only one compliant quote had been submitted, hence any award of contract would require the suspension of financial regulation 11.11.

It was proposed by Councillor Sutton, seconded by Councillor Tomes and RESOLVED UNANIMOUSLY:-

That the Council suspends Financial Regulation 11.11 and awards the contract for beach signage to BCP Signs up to a value of £12,000.

The Meeting closed at 7.30 p.m.
