Parking account

The Code requires that local authorities must publish on their website, or place a link on their website to this data if published elsewhere:

- a breakdown of income and expenditure on the authority's parking account. The breakdown of income must include details of revenue collected from on-street parking, off-street parking and Penalty Charge Notices, and
- a breakdown of how the authority has spent a surplus on its parking account

Swanage Town Council does not have a parking account, and has no chargeable on-street parking nor enforcement rights to issue Penalty Charge Notices. However, it does receive revenue from off-street parking.

Off-street parking revenue from the Council's car parks is as follows:

2025/26: £794,057

2024/25: £746,438

2023/24: £685,915

2022/23: £645,552

2021/22: £672,930

2020/21: £432,068

Parking spaces

Local authorities must publish the number of marked out controlled on and off-street parking spaces within their area, or an estimate of the number of spaces where controlled parking space is not marked out in individual parking bays or spaces.
